

## **Lickey and Blackwell Parish Council** **Neighbourhood Plan - Stakeholder Consultation**

The Lickey and Blackwell Neighbourhood Plan will make recommendations about the future development of our parish and it should reflect the wishes and aspirations of all who live, work or own land, property or businesses here. **It will aim to retain and improve local services and infrastructure and to identify local heritage assets.** It can be as imaginative and forward looking as we want it to be.

This short questionnaire seeks to find out what your priorities are in order to guide the work of the neighbourhood planning group. We do not want to be too directive in this initial survey and the questions below are very open. We hope that you will discuss them and complete the survey as a household.

**It is YOUR PLAN and your replies to the questions below are important.**
