

MINUTES OF PLANNING COMMITTEE MEETING WEDNESDAY 17TH APRIL AT 11AM

Cllr S Nock, Cllr J King and Cllr J Harvey, one resident Mr Keith Woolford and EO were in attendance.

19/00330/FUL 31 High House Drive Lickey Birmingham Worcestershire B45 8ET. Demolition of existing garage and conservatory and construction of two storey extension and raised patio area. Mr Keith Woolford attended the meeting to discuss this application which was of concern to him as a neighbour. Lickey and Blackwell Parish Council would like BDC to ensure that the proposed development does not exceed the permitted 40% of the original footprint, if this is the case then perhaps plans will need to be amended and resubmitted. We support the comments made by the Tree Officer.

18/00863/FUL 11B Plymouth Road Barnt Green Birmingham Worcestershire B45 8JE. Demolition of dwelling and erection of replacement 5 bedroom detached dwelling. Contentious application as raised by Cllr Taylor and a resident – was previously sent to wrong PC for comment. Lickey and Blackwell Parish Council object to the proposed development and we do note that the plans have been amended, we support the points made by the Conservation Officer in her comment and we also feel that individual design is important.
